LEADERSHIP AND MANAGEMENT - GRADUATE CERTIFICATE

With the leadership and management graduate certificate from the Engineering Management Program, you'll gain an in-depth understanding of management, leadership and strategy deployment to improve performance quality; discover how to use natural strengths to become the best leader possible; learn to navigate ethical decisions and maintain integrity as a leader; and find the leverage points in an organization for delivering exceptional results.

For more information, see the Leadership and Management (https://www.colorado.edu/emp/graduate-programs/traditional-semester-based-graduate-certificates/leadership-management-certificate/) certificate webpage.

Distance Education Option

Students can take individual courses toward a master's degree or graduate certificate through distance education (online). For more information, connect with the individual graduate program directly.
