

MUSIC EDUCATION

Students in this degree program complete advanced studies that are designed to refine their teaching philosophy and practices. These studies include courses in historical and philosophical foundations of music education, psychological theories of music learning, basic research methods, curriculum development and assessment. The minimum number of credit hours required is 30.

The college also offers a master of music education degree/certification with K–12 teaching for students who have completed an undergraduate degree in music, but in a major area other than music education. Coursework leads to a master's degree and a Colorado K–12 music teaching license. The entire program requires a minimum of 71 credit hours.

Master's Degree
