

LESBIAN, GAY, BISEXUAL, TRANSGENDER AND QUEER STUDIES

The Lesbian, Gay, Bisexual, Transgender and Queer Studies certificate program is designed to help students develop a social, historical and cross-cultural understanding of gender and sexuality. By exploring the historical and contemporary experiences of lesbians, gay men, bisexuals and transgender people, the courses in the program encourage students to think critically about the function of sexuality and gender in the world around them. In doing so, students will be able to analyze the relationships between queer and normative sexualities and gender identities.

By developing an understanding of diverse sexual and gender identities, certificate program students are able to analyze gender and sexuality in a broad range of historical and contemporary institutions and societies.

Open to degree-seeking undergraduate students enrolled at the university, this interdisciplinary program consists of two required courses and elective courses offered by different departments.
