

INFORMATION SCIENCE - MINOR

INFO 3XXX or INFO 4XXX Any upper-division Information Science elective

Total Credit Hours **19-22**

All courses in the information science minor are taken in the Department of Information Science. The minor in information science requires one introduction course (4 credits) and one literacies course (3–4 credits), then allows students to personalize by selecting two of any level INFO courses (6–8 credits) and two upper-division INFO courses (6 credits). Courses may not be applied to both the required courses and personalization areas. Courses may be used only in one area.

Information science majors may not receive an information science minor nor a data science minor. Students may not receive both the information science minor and the data science minor.

Requirements

All coursework applied to the minor must be completed with a grade of C- or better (no pass/fail work may be applied). The GPA for all coursework attempted in the minor department must be equal to 2.00 (C) or higher. Students may apply no more than six credit hours of transfer work, including three hours of upper-division credit.

Code	Title	Credit Hours
Required Courses		
Students must choose one Introduction course and one Literacies course and meet any prerequisites.		
<i>Introduction Courses (choose one)</i>		
INFO 1111 or INFO 1121	Introduction to Information Science: Understanding the World Through Data Designing Interactions	4
<i>Literacies Courses (choose one)</i>		
INFO 1701 or INFO 1101 or INFO 1201 or INFO 2201	Programming for Information Science 1 Computation in Society Computational Reasoning Programming for Information Science 2	3-4
Personalization		
Choose four of the following, two of which must be upper division (3000-4000 level) and meet any prerequisites ¹		12-14
INFO 1101	Computation in Society	
INFO 1111	Introduction to Information Science: Understanding the World Through Data	
INFO 1121	Designing Interactions	
INFO 1201	Computational Reasoning	
INFO 1301	Statistics for Information Science	
INFO 2131	Information Ecosystems	
INFO 1701	Programming for Information Science 1	
INFO 2201	Programming for Information Science 2	
INFO 2301	Quantitative Reasoning for Information Science	
INFO 3101	History of Computing and Information	
INFO 3401	Information Exploration	
INFO 3402	Information Exposition	

¹ Courses cannot count as both required and personalization. Must meet prerequisites for courses that require them.
