BUSINESS CORE (BCOR)

Courses

BCOR 1015 (3) The World of Business
Provides an overview of the nature business in a global economy. In addition to exploring the economic, governmental, social and environmental context in which businesses operate, students will discover how business creates value and takes advantage of opportunities and challenges. Using examples, cases and projects, students will learn about the business functions in an integrated format. Weekly discussion of current events will focus on entrepreneurship, ethics, international business, business and society, and other topics. Requisites: Restricted to Leeds School of Business majors or students in the POT1- On Track to IUT to Business student group.

BCOR 1025 (3) Statistical Analysis in Business
Covers sampling concepts, graphical and numerical data summaries, basic probability theory, discrete and continuous probability models, sampling distributions, hypothesis testing, correlation and both simple and multiple regression analysis. Students learn decision making and solving business problems by using data. Uses statistical features of Excel. Course requirements: laptop with Microsoft Excel; iClickers. Equivalent - Duplicate Degree Credit Not Granted: MATH 2510, PSYC 2111, PSCI 2075, SOCY 2061.
Requisites: Requires a prerequisite or corequisite course of MATH 1112 (minimum grade D-). Restricted to Business (BUSN) majors only.

BCOR 1030 (3) Communication Strategy
Helps develop basic communication skills to prepare you for success in the business world. This communication and social science theory-based, skill-building course is framed in Fiske and Cuddy's person perception theory that all people are perceived on two dimensions, competence and warmth. You will learn how to use communication skills to strategically demonstrate those dimensions. Requisites: Restricted to Business (BUSN) majors with 0 - 59 units completed or students in the POT1- On Track to IUT to Business student group.

BCOR 2201 (1.5) Principles of Marketing
Focuses on developing a core marketing toolkit for future business professionals. The tools help identify, reach, motivate, and satisfy customers. The course includes both the strategic perspective and the tactical execution of the 4 Ps-place, price, product, and promotion. Students will learn about the breadth of what marketers do to facilitate exchange between buyers and sellers and about the quantitative analysis that supports those exchanges.
Equivalent - Duplicate Degree Credit Not Granted: BCOR 2400, BCOR 2001
Requisites: Requires prerequisites ECON 2010 BCOR 1025 or MATH 2510 or PSYC 2111 or PSCI 2075 or SOCY 2061 (all min grade D-). Requires prerequisites or coreqs of BCOR 1015. Restricted to BUSN majors w 26-180 units or students in POT1- On Track to IUT to Business student group.

BCOR 2202 (1.5) Principles of Organizational Behavior
Focuses on the fundamentals of management from an organizational behavior perspective. Students will learn the basic concepts and best practices in the behavioral sciences that can improve their abilities to lead and manage in organizations. Frameworks for individual, team, and organizational behavior are presented and discussed. Topics include personality traits, culture, decision making, teams, planning, motivation, leadership, and well-being. A semester-long team project provides practice in teamwork and in applying the course concepts.
Requisites: Requires prerequisites ECON 2010 BCOR 1025 or MATH 2510 or PSYC 2111 or PSCI 2075 or SOCY 2061 (all min grade D-). Requires prerequisites or coreqs of BCOR 1015. Restricted to BUSN majors w 26-180 units or students in POT1- On Track to IUT to Business student group.

BCOR 2203 (1.5) Principles of Accounting I
The course builds a basic understanding of how information regarding a firm's resources and obligations is conveyed to decision makers outside the firm. Students will be exposed to both a user-perspective (how to read and analyze financial accounting reports) and a preparer-perspective (how business transactions affect the financial statements). Particular emphasis will be placed on understanding the accounting cycle, or the system with which businesses process and record their business events to create the financial statements.
Equivalent - Duplicate Degree Credit Not Granted: BCOR 2000, BCOR 2002
Requisites: Requires prerequisites ECON 2010 BCOR 1025 or MATH 2510 or PSYC 2111 or PSCI 2075 or SOCY 2061 (all min grade D-). Requires prerequisites or coreqs of BCOR 1015. Restricted to BUSN majors w 26-180 units or students in POT1- On Track to IUT to Business student group.

BCOR 2204 (1.5) Principles of Financial Management
Will develop student understanding of the role of finance in business venture. Effective financial management, whether performed by the general manager in a small business or by a finance professional in a large corporation, is necessary for a venture to succeed and grow. Topics covered include financial statement analysis, time value or money, bonds and stocks (both their markets and their valuation), capital budgeting analysis, and investor expectations regarding risk and return.
Equivalent - Duplicate Degree Credit Not Granted: BCOR 2200, BCOR 2002
Requisites: Requires prerequisites ECON 2010 BCOR 1025 or MATH 2510 or PSYC 2111 or PSCI 2075 or SOCY 2061 (all min grade D-). Requires prerequisites or coreqs of BCOR 1015. Restricted to BUSN majors w 26-180 units or students in POT1- On Track to IUT to Business student group.

BCOR 2205 (1.5) Introduction to Information Management and Analytics
Focuses on the fundamentals of managing information in a data-driven business environment. Students will learn the basic concepts and best practices in Information Management that can improve their abilities to lead and manage in organizations. The class teaches cutting-edge tools and approaches to the analysis of data, including "big data," for effective decision-making. It creates data connoisseurs through hands-on exposure to supervised machine learning. Application areas covered include human resources, marketing, finance, and supply chain. At the end of class, all students should be able to formulate common business problems in terms addressable through machine learning, and use automated machine learning tools to conduct the analysis and present deep insights to business leaders. Course requirements: clickers.
Equivalent - Duplicate Degree Credit Not Granted: BCOR 2500
Requisites: Requires prerequisites ECON 2010 BCOR 1025 or MATH 2510 or PSYC 2111 or PSCI 2075 or SOCY 2061 (all min grade D-). Requires prerequisites or coreqs of BCOR 1015. Restricted to BUSN majors w 26-180 units or students in POT1- On Track to IUT to Business student group.

Business Core (BCOR) 1
**BCOR 2206 (1.5) Principles of Operations Management**
Introduces the student to the common activities performed by an operations manager and sets the stage for the student to operate as a member of a cross-functional team responsible for adding value for the customer. These common activities include planning and designing goods and services, sourcing materials and supplies, producing the goods and delivering the services, and dealing with product end-of-life requirements.

Equivalent - Duplicate Degree Credit Not Granted: BCOR 2500, BASE 2101

Requisites: Requires prerequisite courses of BCOR 2201, BCOR 2202, BCOR 2203, BCOR 2204, BCOR 2205, and BCOR 2206 (all min grade D-).

**BCOR 2301 (1.5) Business Law**
Provides an introduction to the U.S. legal system including its various sources of law and their interplay. Additionally, the court system, both its structure and process, is explored. Finally, contract law and its role in business is examined in detail.

Equivalent - Duplicate Degree Credit Not Granted: BCOR 3000, BCOR 2003

Requisites: Requires prerequisite courses of BCOR 2201, BCOR 2202, BCOR 2203, BCOR 2204, BCOR 2205, and BCOR 2206 (all min grade D-).

**BCOR 2302 (1.5) Business Ethics and Social Responsibility**
Throughout this course students will consider the interconnectedness of law, ethics, values, public policy and regulation. Emphasis will be placed on the importance of individual and organizational responsibility for business. Allows students to consider the relationship between business and ethics in the broader social context, which is necessary to successfully navigate an increasingly complex, global business environment. Duplicate degree credit not granted for BCOR 3010, BCOR 2003.

Requisites: Requires prerequisite courses of BCOR 2201, BCOR 2202, BCOR 2203, BCOR 2204, BCOR 2205, and BCOR 2206 (all min grade D-).

**BCOR 2303 (1.5) Principles of Accounting II**
This course provides an introduction to various uses of accounting information that are available to managers. Specifically, students will be exposed to decision-making models aimed at assisting managers in planning, operating, and controlling business functions. Topics include job costing, cost-volume analysis, budgeting, cash flows, performance evaluation/compensation, break-even analysis, and relevant costs.

Equivalent - Duplicate Degree Credit Not Granted: BCOR 2000

Requisites: Requires prerequisite courses of BCOR 2201, BCOR 2202, BCOR 2203, BCOR 2204, BCOR 2205, and BCOR 2206 (all min grade D-).

**BCOR 2304 (1.5) Strategic and Entrepreneurial Thinking**
Provides students with a set of critical thinking skills and theoretical tools to enhance students’ abilities at strategic and entrepreneurial thinking. We examine the following topics: (1) What is Strategy and Entrepreneurship, (2) External Analysis and Porter’s 5 Forces, (3) Internal Analysis and the Resource Based View, (4) SWOT Analysis, (5) Differentiation, Cost Leadership, and Blue Ocean Strategy.

Equivalent - Duplicate Degree Credit Not Granted: BASE 2101

Requisites: Requires prerequisite courses of BCOR 2201, BCOR 2202, BCOR 2203, BCOR 2204, BCOR 2205, and BCOR 2206 (all min grade D-).

Prereq or coreq of BCOR 2301, 2302 and 2303 (min grade D-). Restricted to BUSN majors with 26-180 units completed.
