ART PRACTICES - MASTER OF FINE ARTS (MFA)

The MFA in art practices is a rigorous program intended for artists committed to pursuing a professional life in the arts and prepares students for careers as practicing artists and arts professionals as well as teachers in colleges, universities, and art schools. MFA students in the Department of Art and Art History are given private studio spaces and access to many of the department's facilities in the Visual Arts Complex, and are eligible for a variety of awards, assistantships and teaching opportunities.

During the two-and-a-half-year program, students focus on one of several areas, including:

- ceramics,
- IMAP (digital, integrated arts, photography, video),
- painting and drawing,
- printmaking,
- sculpture and post-studio practice, and
- film (in collaboration with the Film Studies Program (catalog.colorado.edu/undergraduate/colleges-schools/arts-sciences/programs-study/film-studies)).

Dual Degree Program

MBA and MA/MFA in Art History

To support the university's mission of advancing knowledge across disciplines and in recognition that business education and training has relevance to many academic fields, the Leeds School of Business (http://leeds.colorado.edu) and the Department of Art and Art History endorse a dual degree program in which both MBA and MA/MFA degrees are awarded. This opportunity will appeal to students with career aspirations in gallery or museum management, or in starting entrepreneurial ventures combining their business and artistic talents. This three-year program offers students the opportunity to earn both degrees together in less time than if the degrees were earned sequential.

Students must apply to and meet the application requirements for each program separately. Admitted students spend their first year in one of the two programs, the second year in the other program, and the third year is a combination of the two. MA students are required to complete 43 hours of MBA course work and 30 hours of art history course work. Both degrees must be awarded simultaneously. To learn more, visit the department's MBA/MA or MFA (http://cuart.colorado.edu/degrees/graduate/mfamba) webpage.

Program Requirements

Pre-Thesis Review

At the end of the semester preceding the graduating semester, the pre-thesis review takes place. Its purpose is for the student to present the focus of his or her written thesis and exhibition, to review and evaluate the student's progress in the program, and to determine if the student is ready to register for thesis hours.

Thesis/Exhibition/Defense

The MFA thesis defense must be conducted while the student's work is on view during the MFA Exhibition. The MFA thesis must be submitted in its final draft form to all the thesis committee members two weeks prior to the scheduled thesis defense. After the defense, two copies of the thesis, with the required signatures on the signature sheet, must be...
turned into the graduate program coordinator. One of these is cataloged in the Norlin Library, and a digital copy is submitted to CU Scholar, Norlin Library's digital repository.

**Time Limit**
It is expected that the MFA program be completed within two-and-a-half years.

**Graduation**
Before registering for thesis hours, ARTS 6957, students must have a pre-thesis review with their faculty advisor and thesis committee. Studio arts thesis work must take the form of original creative work of acceptable professional standards. The oral defense exam must be done in conjunction with the thesis exhibition, and the candidate must provide a critical written statement (creative thesis) concerning the work. The candidate's written creative thesis is housed with the Art and Architecture Collection in Norlin Library, and 10-15 digital images (representing work in the exhibition) become part of and are housed with the departmental Visual Resources Center.
