Philosophy

Applicants for admission to the Graduate School for work toward a master’s or doctoral degree with a major in philosophy are expected to have had 18 or more credit hours in undergraduate courses in the subject.

Students in the master’s and doctoral programs must satisfy a variety of requirements, including the completion of course work. The department has a diversified faculty that can supervise the writing of a master’s theses and doctoral dissertations on a wide range of topics.

The department makes available a limited number of teaching assistantships and assists with job placement. Descriptions of all degree programs are available from the Department of Philosophy.

Students wishing to pursue graduate work in philosophy should note Master’s Degree Requirements (catalog.colorado.edu/graduate/degree-requirements/masters-degree-requirements) and Doctoral Degree Requirements (catalog.colorado.edu/graduate/degree-requirements/doctoral-degree-requirements), and should obtain a copy of the Graduate Program Rules from the department.
