MANAGING APPLIED RESEARCH IN TECHNOLOGY - GRADUATE CERTIFICATE

The Managing Applied Research in Technology Graduate Certificate (http://www.colorado.edu/emp/programs/graduate-program/certificates/managing-applied-research-technology) is one of several graduate certificate programs (http://www.colorado.edu/emp/cert-grad) offered by the Engineering Management Program and is ideal for students who aspire to lead improvement projects in complex systems and to gain problem-solving tools and strategies. Delve deeper into statistical analysis; gain expertise in quality improvement, problem solving and cost-reduction analysis.

Requirements
The Managing Applied Research in Technology Graduate Certificate (http://www.colorado.edu/emp/programs/graduate-program/certificates/managing-applied-research-technology) requires 12 credit hours.

Distance Education Option
Students can take individual courses toward a master's degree or graduate certificate through distance education (online). For more information, connect with the graduate program advisor or visit the Graduate School's Distance Education (https://www.colorado.edu/graduateschool/distance-education) webpage.
