TECHNOLOGY, MEDIA AND SOCIETY - MASTER OF SCIENCE (MS)

For more information, visit the ATLAS Institute's Technology, Media and Society Graduate Programs (http://atlas.colorado.edu/programs) webpage.

Program Tracks
The professional master's degree (MS) in technology, media and society includes two program tracks.

Information and Communication Technology for Development (ICTD) Track
The ICTD track prepares students to leverage information and communication technology in support of underserved communities in the U.S. and around the world.

Creative Technologies and Design (CTD) Track
The CTD track prepares students for careers in a wide range of fields at the intersection of design and technology. The CTD track offers a transdisciplinary curriculum that integrates technology skills with a critical, theoretical and historical understanding of technology, media and the arts.

Requirements
Program Tracks
Information and Communication Technology for Development (ICTD)
The ICTD track requires a total of 33 credit hours (including courses and a 6-credit-hour practicum), of which at least 27 must be completed at the 5000 level or above. In addition, specific focus area requirements must be met. Students must receive a grade of B or higher in all course work, maintaining a minimum overall GPA of 3.000.

Creative Technologies and Design (CTD)
The CTD track requires a total of 33 credit hours, of which at least 27 of which must be completed at the 5000 level or above. Students must complete the 3-credit-hour thesis course. In addition, specific focus area requirements must be met. Students must receive a grade of B or higher in all course work, maintaining a minimum overall GPA of 3.000.
