

# CU BOULDER ONLINE CATALOG

---

CU Boulder Online (<https://online.colorado.edu/>) is an extension of the University of Colorado Boulder administered collaboratively by the Division of Continuing Education (<http://ce.colorado.edu/>) and the Office of Academic and Learning Innovation (<https://www.colorado.edu/ali/>). The academic programs included under the CU Boulder Online umbrella are extensions of campus programs, vetted and developed by our faculty, in addition to professional development programs that are created in response to industry needs.

CU Boulder Online programs are delivered in different learning management systems, primarily Canvas and Coursera. Explore all CU Boulder Online programs (<http://online.colorado.edu>).

Due to the variability in program offerings, not every program follows the same standard campus policies. Learn more by reviewing the related academic information section of the CU Boulder Online Catalog or by visiting the CU Boulder Online website (<http://online.colorado.edu>).
