UNDERGRADUATE RESIDENTIAL PROGRAMS

First-Year Academic Experience

The First-Year Academic Experience (FYAE) is designed to create community, improve student support and student success, and enhance the academic experience for first-year students in the 2020–21 academic year. The FYAE is for all residential first-year students, and there is no fee charged to students to participate.

The FYAE replaces the Residential Academic Programs (RAPs) offered in previous years.
