

# CENTRAL AND EAST EUROPEAN STUDIES - CERTIFICATE

Students who seek in-depth, interdisciplinary knowledge of the region are encouraged to pursue the certificate in Central and East European studies (CEES). The certificate program offers students the opportunity to explore the cultures, history and politics of the nations of Central and Eastern Europe from a variety of disciplinary perspectives.

The purpose of the certificate program is to enhance, rather than to replace, the department major. Students work with CEES faculty advisors to plan an appropriate certificate program. The certificate is awarded in addition to a bachelor's degree in another field.

## Requirements

Completion of the certificate requires the completion of 18 credits (9 upper-division) of approved courses with grades of C- or higher. No more than 9 credits in courses with the same course prefix can be used to fulfill CEES certificate requirements, and only 6 semester credit hours transferred from other institutions can be used to fulfill certificate requirements.<sup>1</sup>

Students pursuing the CEES certificate are strongly encouraged to take advantage of a recognized study abroad program in eastern Europe affiliated with CU Boulder. Courses taken on such a program, as approved by the certificate director, count toward the certificate in CEES even though it is not possible to list them below.
