

ITALIAN - BACHELOR OF ARTS (BA)

The Italian program promotes an understanding of the role of the Italian literary and cultural tradition within today's global society. By developing the knowledge and critical skills necessary to understand and engage with Italian culture in all its manifestations, Italian majors and minors acquire tools that are applicable to careers in virtually every area. While competency in a foreign language is always a highly desirable asset in our multicultural and multilingual society, proficiency in Italian is particularly beneficial and valuable in the fields of art, fashion, business, law, international affairs, music, the travel industry, translation studies, the foreign service and teaching. In addition to supplying the necessary background for advanced professional study and specialization in various disciplines, the Italian major introduces students to a rich literary, artistic and intellectual history at the roots of the modern world. Students are encouraged to explore career opportunities on the Career Services website (<https://www.colorado.edu/career/>).
