LGBTQ STUDIES - CERTIFICATE

Lesbian, gay, bisexual, transgender and queer (LGBTQ) studies at CU Boulder is an interdisciplinary undergraduate program encompassing more than 20 courses in a dozen departments.

LGBTQ studies involves the academic investigation of sexuality in established fields such as literature, history, theatre, law, medicine, economics, sociology, anthropology and political science. With its interdisciplinary approach, LGBTQ studies interweaves complex theories and analysis into the study of sexuality.

Through the certificate program and the guidance of faculty advisors, students are given an opportunity to integrate a wide variety of courses offered in the humanities, social sciences and natural sciences, to extend and deepen their knowledge and understanding of societies and cultures and to relate that understanding to lived experience.
