

# LINGUISTICS - MINOR

Students can profitably combine the linguistics minor with a major in one of the modern languages, classics, anthropology, psychology or speech, language and hearing sciences, to name just a few possibilities.

One good reason to take the linguistics minor is that by learning to analyze language and evaluate claims about language, students can improve the quality of their writing and argumentation in their major discipline.

## Requirements

Declaration of a minor in linguistics is open to any student enrolled at CU Boulder, regardless of college or school.

Students minoring in linguistics must complete a total of 18 credit hours in linguistics, 9 of which must be at the upper-division level. Students must maintain an overall and linguistics GPA of at least 2.00 (C), and complete all LING courses with a C- or better.

## Required Courses and Credits

Code	Title	Credit Hours
<b>Required Courses</b>		
LING 2000	Introduction to Linguistics	3
