

# PEACE, CONFLICT AND SECURITY - CERTIFICATE

The Certificate in Peace, Conflict and Security Studies (PACS) is designed to help students explore why conflict and violence occur, and to develop practical, nonviolent skills to analyze, intervene and resolve conflicts in their personal life, in their communities and between countries. The certificate is granted by the College of Arts and Sciences. All enrolled CU Boulder undergraduate students, regardless of school or major, may apply for and earn the PACS Certificate.

The program utilizes an interdisciplinary perspective on the study of conflict, cooperation, violence, war and peacemaking. Coursework focuses on theorizing and analyzing various levels of conflict, from the interpersonal to international, and related possibilities for personal and social change. Coursework also emphasizes the development of transferable skills and experiential learning in conflict resolution and civic activism. The program encourages hands-on, "in the field" engagement through volunteer service, enrollment in study-abroad programs and internship placement with related agencies and programs.

For more information or an application, visit the Peace, Conflict and Security Studies Program (<http://www.colorado.edu/pacs/>) website.

Course code for this program is PACS.

## Requirements

Completion of the certification requires 18 credit hours (9 upper-division) of study, up to six (6) of these credit hours may be completed through approved transfer credit. Each of these courses must be completed with a grade of C- or better. These courses must also include:
