

POST-BACCALAUREATE

The post-baccalaureate teacher licensure programs are designed for students who have previously completed a BA/BS/BM degree and are only pursuing a Colorado initial teaching license. The programs do not lead to a degree.

Post-Baccalaureate (Non-Master's Degree) Teacher Licensure Programs

- Music Education (K–12) (p. 1)
- Middle School Math (6-8) (p. 2)
- Secondary Math (7–12) (p. 2)
- Secondary Science (7–12) (p. 3)
- World Languages (7 (p. 4)– (p. 3)12) (p. 4) - French, German, Japanese, Latin or Spanish

Music Education (K–12) Teacher Licensure Program for Post-Baccalaureate Students

K-12 Music Education teacher licensure candidates must maintain a 2.00 GPA in cumulative, content and education coursework. All grades in Education courses must be a B- or better to maintain good standing in the program. All grades must be a C- or better to satisfy a content coursework requirement.

Content Coursework Requirements

The College of Music evaluates all music content requirements, and recommends applicants to the School of Education. Students who have an undergraduate degree in music (BA, BM) may apply to the Masters of Music Education plus licensure program. Please contact the College of Music for details.

Non-Music Content Coursework Requirements

Code	Title	Credit Hours
Courses and Minimum Required Credit Hours		
	Arts & Humanities (excluding music courses)	3
	Quantitative Reasoning and Mathematical Skills: Three credit hours in college-level mathematics.	3
	Natural Sciences	3
	Social Sciences or World Language (third semester or higher)	3
	Written Communication: Three credit hours in college-level composition or writing.	3
	Non-music Electives: Any coursework offered outside of music, excluding any School of Education (EDUC) courses.	9

Education Course Requirements

Code	Title	Credit Hours
Courses and Minimum Required Credit Hours		
EDUC 3013	School and Society	3
EDUC 4112	Adolescent Development and Learning for Teachers (Includes up to two hours per week of outside-class service learning. May be taken at any time.)	3

or EDUC 2411	Educational Psychology for Elementary Schools	
MUSC 4323	Differentiating Instruction in K-8 Music Classrooms	3
or EDUC 4023	Differentiating Instruction in Diverse Secondary Classrooms	

Total Credit Hours 9

Student Teaching

Satisfactory completion of all content and education course requirements is a prerequisite for student teaching. No other courses may be taken during the student teaching semester.

- EDUC 4732 Student Teaching K-12 (8 credits). Pass/fail only.
- MUSC 4133 Student Teaching Practicum (3 credits). This course may be optional. Please check with the College of Music.
- MUSC 4193 Student Teaching Seminar (1 credit).

Required Tests and Assessments

Basic Skills: Prior to Student Teaching

Complete an appropriate, college-level math *and* composition course with a B- or better. Acceptable scores on the ACT, SAT, GRE or Praxis CORE exam will also satisfy the requirement.

Licensure Exam: Prior to Student Teaching

Pass the state-approved licensure exam, PRAXIS Music: Content Knowledge (test code 5113).

Middle School Mathematics (6–8) Teacher Licensure Program for Post-Baccalaureate Students

Middle School Mathematics teacher licensure candidates must maintain a 2.00 GPA in cumulative, content and education coursework. All grades in Education courses must be a B- or better to maintain good standing in the program. All grades must be a C- or better to satisfy a content coursework requirement.

Content Coursework Requirements

Code	Title	Credit Hours
Courses and Minimum Required Credit Hours		
	Literature & Arts	3
	Natural Science	3
	Social Science	3
	Written Communication: College-level composition or writing	3
EDUC 2130	Teaching and Learning Math: Calculus, Trig and Adv Functions (or a 4-5 credit Calculus 1 course or equivalent.)	3-5
or APPM 1350	Calculus 1 for Engineers	
or MATH 1300	Calculus 1	
or MATH 1310	Calculus for Life Sciences	
EDUC 4815	Teaching K-12 Mathematics: Number Sense (Spring only.)	3
EDUC 4821	Teaching K-12 Mathematics: Algebraic Thinking (Spring only.)	3
EDUC 4835	Teaching K-12 Mathematics: Geometry & Measurement (Fall only.)	3

EDUC 4850	Teaching K-12 Mathematics: Probability & Statistics (Fall only.)	3
Math or applied math coursework. 24 credit hours at the college-level or higher. (May include requirements above. May include EDUC 4317.)		24
Recent mathematics coursework in the past five years. (May include EDUC 4317.)		6

Education Course Requirements

Code	Title	Credit Hours

EDUC 4023	Differentiating Instruction in Diverse Secondary Classrooms (Includes up to four (4) hours per week of school-based practicum. Should be taken concurrently with EDUC 5375 Problem-Based Instruction. EDUC 4060 is a prerequisite.)	3
EDUC 4050	Knowing and Learning in Mathematics and Science (May be taken any time. Includes up to two (2) hours per week of school-based practicum.)	3
EDUC 4060	Classroom Interactions (Includes up to five (5) hours per week of school-based practicum. This course is a prerequisite for EDUC 4023 and EDUC 5375. Fall only.)	3
EDUC 4232	Language and Literacy across the Curriculum (May be taken at any time. Spring only.)	3
EDUC 4317	Perspectives on Mathematics (May be taken at any time. Fall only.)	3
EDUC 5375	Problem-Based Math Instruction (Includes up to six (6) hours per week of school-based practicum. Should be taken concurrently with EDUC 4023 Differentiating Instruction in Diverse Secondary Classrooms. EDUC 4060 is a prerequisite. Spring only.)	3
Total Credit Hours		24

Student Teaching

Satisfactory completion of all content and education course requirements is a prerequisite for student teaching. No other courses may be taken during the student teaching semester.

- EDUC 4513 Education and Practice (2 credits). Must be taken with EDUC 4712.
- EDUC 4712 Student Teaching: Secondary School (10 credits). Must be taken with EDUC 4513.

Required Tests and Assessments

Basic Skills: Prior to Student Teaching

Complete an appropriate, college-level math *and* composition course with a B- or better. Acceptable scores on the ACT, SAT, GRE or Praxis CORE exam will also satisfy the requirement.

Licensure Exam: Prior to Student Teaching

Pass the state-approved licensure exam, PRAXIS: Middle School Mathematics (test code 5164).

Teacher Performance Assessment

Pass a performance-based, subject-specific assessment designed by program faculty.

Secondary Mathematics (7–12) Teacher Licensure Program for Post-Baccalaureate Students

Secondary Mathematics teacher licensure candidates must maintain a 2.00 GPA in cumulative, content and education coursework. All grades in Education courses must be a B- or better to maintain good standing in the program. All grades must be a C- or better to satisfy a content coursework requirement.

Total Credit Hours		24

Student Teaching

Satisfactory completion of all content and education course requirements is a prerequisite for student teaching. No other courses may be taken during the student teaching semester.

- EDUC 4513 Education and Practice (2 credits). Must be taken with EDUC 4712.
- EDUC 4712 Student Teaching: Secondary School (10 credits). Must be taken with EDUC 4513.

Required Tests and Assessments

Basic Skills: Prior to Student Teaching

Complete an appropriate, college-level math *and* composition course with a B- or better. Acceptable scores on the ACT, SAT, GRE or Praxis CORE exam will also satisfy the requirement.

Licensure Exam: Prior to Student Teaching

Pass the state-approved licensure exam, Praxis: Mathematics (test code 5165).

Teacher Performance Assessment

Pass a performance-based, subject-specific assessment designed by program faculty.

Secondary Science (7–12) Teacher Licensure Program for Post-Baccalaureate Students

Secondary Science teacher licensure candidates must maintain a 2.00 GPA in cumulative, content and education coursework. All grades in Education courses must be a B- or better to maintain good standing

in the program. All grades must be a C- or better to satisfy a content coursework requirement.

Content Coursework Requirements

Code	Title	Credit Hours
Courses and Minimum Required Credit Hours		
	Literature & Arts	3
	Social Science	3
	Written Communication: College-level composition or writing.	3
	Calculus I: Including or equivalent to APPM 1350, MATH 1300, or MATH 1310.	4-5
	Choose one biology course.	3
	Choose one chemistry course.	3
	Choose one earth/space science course.	3
	Choose one physics course.	3
	<i>Complete three out of four of the following content area lab courses separately or as part of a course:</i>	
	Biology lab	
	Earth/space science lab	
	Chemistry lab	
	Physics lab	
	Recent science coursework in the past five years.	6
	Students must complete 24 credit hours in one of the sections below:	24

Biology (may include courses from biology area above). Coursework must include the study of general biology, matter & energy in living systems, ecology, evolution, genetics, molecular biology, human anatomy, environmental biology and biotechnology.

Chemistry (may include courses from chemistry area above). Coursework must include the study of analytical, inorganic, organic and physical chemistry.

Earth/space science (may include courses from earth/space science area above). Coursework must include the study of environmental science, astronomy, historical & physical geology, meteorology, oceanography, and geomorphology & earth systems.

Environmental science. Coursework must include the study of ecology and astronomy, and 17 credit hours in biology.

Physics (may include courses from Physics area above). Coursework must include the study of mathematics through differential equations, astronomy, atomic & nuclear, classical mechanics, electricity & magnetism, heat & thermodynamics, optics & sound, quantum mechanics, radiation & radioactivity, relativity and waves.

Education Course Requirements

Code	Title	Credit Hours
Courses and Minimum Required Credit Hours		
EDUC 2035	Designing STEM Learning Environments and Experiences	3
EDUC 3013	School and Society	3

EDUC 4023	Differentiating Instruction in Diverse Secondary Classrooms (Includes up to four (4) hours per week of school-based practicum. Should be taken concurrently with EDUC 5385 Project-Based Instruction. EDUC 4060 is a prerequisite.)	3
EDUC 4050	Knowing and Learning in Mathematics and Science (May be taken any time. Includes up to two (2) hours per week of school-based practicum.)	3
EDUC 4060	Classroom Interactions (Includes up to five (5) hours per week of school-based practicum. This course is a prerequisite for EDUC 4023 and EDUC 5385. Fall only.)	3
EDUC 4232	Language and Literacy across the Curriculum (May be taken at any time. Spring only.)	3
EDUC 5385	Phenomenon-Based Science Instruction (Includes up to six (6) hours per week of school-based practicum. Should be taken concurrently with EDUC 4023 Differentiating Instruction in Diverse Secondary Classrooms. EDUC 4060 is a prerequisite. Spring only.)	4
Choose two courses from the following:		6
EDUC/PHYS 1580	Energy and Interactions	
EDUC 4811	Teaching and Learning Biology	
EDUC 4822	Teaching and Learning Chemistry	
EDUC/PHYS 4460	Teaching and Learning Physics	
EDUC 4833	Teaching and Learning Earth Systems	
GEEN 4400	Teaching Design	

Total Credit Hours **28**

Student Teaching

Satisfactory completion of all content and education course requirements is a prerequisite for student teaching. No other courses may be taken during the student teaching semester.

- EDUC 4513 Education and Practice (2 credits). Must be taken with EDUC 4712.
- EDUC 4712 Student Teaching: Secondary School (10 credits). Must be taken with EDUC 4513.

Required Tests and Assessments

Basic Skills: Prior to Student Teaching

Complete an appropriate, college-level math *and* composition course with a B- or better. Acceptable scores on the ACT, SAT, GRE or Praxis CORE exam will also satisfy the requirement.

Licensure Exam: Prior to Student Teaching

Pass the state-approved licensure exam, PRAXIS General Science (test code 5436).

Teacher Performance Assessment

Pass a performance-based, subject-specific assessment designed by program faculty.

World Languages

Secondary French (7–12) Teacher Licensure Program for Post-Baccalaureate Students

Secondary French teacher licensure candidates must maintain a 2.00 GPA cumulative GPA. All grades in Education courses must be a B- or better to maintain good standing in the program. All grades that satisfy a content coursework requirement must be a C- or better.

Content Coursework Requirements

Satisfactory completion of all content and education course requirements is a prerequisite for student teaching. No other courses may be taken during the student teaching semester.

- EDUC 4722 Student Teaching: Secondary School 2 (2 credits). Must be taken with EDUC 4722 and SPAN 4660.
- EDUC 4712 Student Teaching: Secondary School (5 credits). Must be taken with EDUC 4513 and SPAN 4660.
- SPAN 4660 High School Spanish Teaching (6 credits). Must be taken with EDUC 4513 and EDUC 4722.

Required Tests and Assessments

Basic Skills: Prior to Student Teaching

Complete an appropriate, college-level math *and* composition course with a B- or better. Acceptable scores on the ACT, SAT, GRE or Praxis CORE exam will also satisfy the requirement.

Oral Proficiency Interview: Prior to Student Teaching

Pass the ACTFL Oral Proficiency Interview with a score of Advanced Low or better.

Licensure Exam: Prior to Student Teaching

Pass the state-approved licensure exam, PRAXIS Spanish: World Language (test code 5195).

Learning Outcomes

In their development as teachers for equity and justice who value and center humanistic, anti-oppressive, anti-racist, and queer-inclusive stances and practices, candidates in the CU licensure programs:

- Demonstrate pedagogical expertise in the disciplines they teach, grounded in an understanding of how their content and instructional choices matter.
- Design lessons that emphasize the importance of critical, collaborative sense-making and diverse perspectives.
- Strive toward teaching and learning environments that center students' knowledge and experiences, address existing status/roles of students and teachers, and challenge deficit and neutral perspectives.
- Plan and facilitate learning communities that provide opportunities for members to exercise dignity and respect for self and others, while developing disciplinary ideas and practices.
- Demonstrate professional integrity through ethical conduct, reflection and leadership.
- Foster relationships with students, families, communities and colleagues to advocate for equity and justice commitments.
