

USER EXPERIENCE - CERTIFICATE

The certificate in user experience gives students the skills and vision to re-imagine how humans interact with technology. From crafting wireframes and prototyping to understanding user journeys and usability testing, students gain the expertise to design interfaces and experiences that delight and inspire.

This certificate is built from the suite of current user experience design courses that have been taught at ATLAS for the past six years. It allows students from a variety of academic careers to develop in-demand skills in the world of UX design.

Requirements

Certificate Requirements

Students must have a 2.300 cumulative GPA or higher to be admitted to the certificate in user experience. The certificate consists of a four-course sequence (12 credit hours) and typically takes a minimum of two semesters to complete. A grade of C or higher is required for all certificate courses.

This certificate is available to students in any CU Boulder major or minor.

It may also be earned in addition to the ATLAS Design Technologies certificate.

Required Courses and Credits

Code	Title	Credit Hours
ATLS 1100 or INFO 1121	Design Foundations Designing Interactions	3
