CU Boulder Student Health Insurance Plan (SHIP)
All students are required to have health insurance while attending CU Boulder. Students may elect coverage through an individual health insurance plan, through a family member or employer or the CU Gold Student Health Insurance Plan (SHIP). Students must meet this requirement their first semester at CU Boulder and at the beginning of each academic year. Those taking six (6) or more undergraduate credit hours or one (1) or more graduate credit hours are required to complete the health insurance requirement process.

All students, regardless of their insurance plan, have full access to the services provided by Health and Wellness Services.

For more information, visit the Health Insurance Requirement (http://www.colorado.edu/health/insurance/health-insurance/) webpage.

Note: Plans available through the health insurance marketplace meet CU’s health insurance requirement. Colorado students may sign up through the Connect for Health Colorado (http://connectforhealthco.com/) website. Nonresident students may sign up through their home state health exchange or through the national Healthcare.gov (https://www.healthcare.gov/) website.
